Kenneth Ossai
Full-stack Developer

PERSONAL DETAILS

Address: Hoyle St, Sheffield S3 7LH   **Phone**: +447746678450
LinkedIn: https://linkedin.com/in/kenneth-ossai   **Email**: kenossai1@gmail.com
Portfolio: https://kenossai-dev.vercel.app/   **GitHub**: https://github.com/keniossai

OBJECTIVE:

Highly skilled and versatile Full-stack Developer with 6+ years of experience in designing and developing robust web applications. Seeking a challenging position to utilize my expertise in both front-end and back-end technologies to create innovative software solutions.

FRONT-END SKILLS:

- Proficient in HTML5, CSS3, JavaScript, and modern front-end frameworks (e.g., React, Vue.js)
- Strong understanding of responsive web design principles and mobile-first development
- Experience with UI/UX design principles, wireframing, and prototyping tools (e.g., Sketch, Figma)
- Knowledge of front-end build tools like **Webpack** and package managers **npm, Yarn**

BACKEND SKILLS

- Extensive experience with Laravel framework, including Laravel 9.x and above
- Proficient in PHP and MySQL for database management
- Knowledge of RESTful API development and integration
- Familiarity with server-side templating engines (e.g Blade)
- Experience with version control systems, such as Git

OTHER SKILLS

- Strong problem-solving and analytical abilities
- Ability to work in an Agile/Scrum development environment
- Excellent communication and collaboration skills
- Detail-oriented with a focus on writing clean, maintainable code
- Ability to learn and adapt to new technologies quickly

EDUCATION

National Diploma: Software Engineer
National Institute of information Technology (NIIT)

CERTIFICATIONS

- JavaScript Essential Training
- Advance Java Training
- Certificate Information System Security Professional
- Implementing IT Strategy
- Human Resources and Management Training
- Global Leadership Certificate

WORK EXPERIENCE

Lead Frontend Developer / Product Designer
Krystal Digital Solutions Network (Sept 2022 – Aug 2023)
Lagos Nigeria

- Developed and maintained web applications using Laravel framework, adhering to coding standards and best practices.
- Collaborated with cross-functional teams (designers, product managers, and QA) to gather requirements and implement features.
- Built responsive and user-friendly interfaces using HTML, CSS, JavaScript, and front-end frameworks like VueJS.
- Implemented back-end functionalities, including database management, API integration, and server-side logic in PHP.
- Optimized application performance and scalability through efficient database queries, caching, and code optimizations.
- Conducted thorough testing, debugging, and performance optimization to ensure high-quality software delivery.
- Collaborated with team members to perform code reviews and ensure code quality and maintainability.
- Assisted in project planning, estimation, and prioritization of tasks to meet project deadlines.

Web Developer
Modion Communication Nigeria (Sept 2021 - 2022)
Lagos, Nigeria

- Developed and maintained responsive websites for clients, ensuring cross-browser compatibility and optimal performance.
- Collaborated with designers and project managers to translate design mockups and wireframes into functional web pages.
- Implemented front-end features and interactive elements using HTML, CSS, and JavaScript.
- Integrated third-party APIs and web services to enhance website functionality.
- Optimized website performance by optimizing code, implementing caching techniques, and minimizing file sizes.
- Conducted thorough testing and debugging to ensure smooth functionality and user experience.
- Worked closely with back-end developers to integrate front-end and back-end functionality.
- Managed project timelines and met deadlines effectively.

Lead Web Developer (Freelance Project)
LSETF Nigeria
Lagos, Nigeria

- Led and managed a team of developers, providing technical guidance, mentorship, and support throughout the software development lifecycle.
- Collaborated with product managers, designers, and stakeholders to gather requirements, define project scope, and create technical specifications.
- Led the design and architecture discussions, ensuring scalable, robust, and maintainable solutions.
- Developed and maintained critical components of the software, serving as the technical expert for the team.
- Oversaw project planning, estimation, and task assignment, ensuring timely and successful project delivery.
- Conducted code reviews, ensuring adherence to coding standards, best practices, and quality assurance.
- Identified and resolved technical roadblocks, mitigated risks, and made data-driven decisions to ensure project success.

Senior Web Developer(Freelance)
Key Solution NG (April 2019 – May 2020)

- Developed and maintained web applications, collaborating with cross-functional teams to meet project goals.
- Implemented front-end features and user interfaces using HTML, CSS, JavaScript, and relevant frameworks.
- Integrated back-end functionalities, including database management, server-side logic, and API integration.
- Conducted testing, bug fixing, and performance optimization to ensure high-quality software delivery.
- Assisted in code reviews and provided guidance to junior developers.
